## About Koh Brothers Group Limited

Listed on the SGX Mainboard in August 1994, Koh Brothers is a well-established construction, property development and special engineering solutions provider, which was started as a sole proprietorship in 1966 by our Executive Chairman, Mr Koh Tiat Meng. Today, the Group has more than 40 subsidiaries, joint ventures and associated companies spread over Singapore, PRC, Indonesia and Malaysia.

Over the years, the Group has undertaken numerous construction and infrastructure projects with its A1 grading by the Building and Construction Authority ("BCA"). It is currently the highest grade for contractors' registration in this category, allowing the Group to tender for public sector construction projects of unlimited value. Koh Brothers is also the single largest shareholder of SGX Catalyst-listed Koh Brothers Eco Engineering Limited ("KB Eco"), a sustainable engineering solutions group that provides engineering, procurement and construction services for water and wastewater treatment, hydro-engineering, bio-refinery and bio-energy projects. In addition, the Group has developed a name for itself as a niche real estate developer, with an established reputation for quality and innovation.

**Koh Brothers' diversified businesses have created multiple revenue streams, with operating synergies arising from three core areas:**

- Construction and Building Materials; • Real Estate; and • Leisure & Hospitality

## CONSTRUCTION AND BUILDING MATERIALS

The Construction division leads in providing a complete and diverse range of infrastructure project management, products, services and solutions for the construction industry. Harnessing synergies from KB Eco, the Group is able to offer turnkey engineering solutions and tap opportunities in the water, wastewater treatment and hydro-engineering sectors. The Building Materials division provides total ready-mixed concrete solutions to the construction industry. The supply chain includes cement, ready-mixed concrete, equipment, rental and various types of products such as pre-cast elements and interlocking concrete blocks.

## Building Cities Building Dreams

## REAL ESTATE

The Real Estate division provides quality property developments with specialised themes at choice locations. Koh Brothers Development Pte Ltd, established in 1993, is the Group's wholly owned flagship company for this division.

## LEISURE AND HOSPITALITY

The Leisure & Hospitality division provides "no-frills" hospitality services through its Oxford Hotel brand name with more than 130 hotel rooms.
